## Foreword

Well, what a year it's been.

I hope you and your families are all fit and well. Whilst we are still (at time of writing) fighting this pandemic, I hope we have now seen the worst of it.

Whilst many have suffered as a result, some independent retailers that were able to continue to trade saw an increase in support from the general public. I trust and hope the general public will continue with this support of independents such as yourselves long after we have beaten this. I hope and believe it has put a spot light on independents making the public more aware of how vital it is to support you and the vital role you have all played and without which our communities would be so much the poorer.

I'm also pleased to see many of you who had to close are now slowly, beginning to reopen, we're glad to see you back.

Whilst we ourselves saw over half of our customers close overnight, we too managed to continue to trade in our support of you and wish to take this as another opportunity to thank those members of staff here at Grocers Brokers who tirelessly worked through to enable us to do this.

Our biggest thanks though, must go to our customers for in turn, supporting us, with out whom we would not be here, so a big, massive, heartfelt thank you to each and every one of you.

Once again, thank you to all my staff and all our customers, wishing you a prosperous, but more importantly, a happy and healthy time ahead.

Yours sincerely

Sean Minter  
Managing Director
